## REQUEST FOR SUPERVISION AT DISMISSAL FROM SCHOOL

Valleyview students may leave school premises following school dismissal without a parent/legal guardian/designated escort and in rejection of school transportation services. To do so, parents/legal guardians must submit this completed form by August 26, 2022. If you are rejecting the district's supervised dismissal of your child you, therefore, are authorizing your child to leave school premises without a pre-approved designated escort and with the authorization to refuse school transportation services. For those students utilizing school transportation, once on their assigned bus, all students must get off at their assigned stop. For School Schedules see this website:

[http://www.denville.org/district/school\\_schedules\\_and\\_emergency\\_closing\\_information](http://www.denville.org/district/school_schedules_and_emergency_closing_information)

If you require your child to leave school with a designated escort, your child will not be permitted to leave school premises without that escort, in accordance with Board Policy 8601.

School dismissal: See this website for dismissal times:

[http://www.denville.org/district/school\\_schedules\\_and\\_emergency\\_closing\\_information](http://www.denville.org/district/school_schedules_and_emergency_closing_information)

At the end of school dismissal, there will be no supervision of students whether on or off school property unless the student is involved in an approved after school program. This form will be in effect for the remainder of the 2022-23 school year unless changes are sent to the office in writing.

Please make a choice below of one of the following:

- ☐ I only authorize my child to utilize school bus services.
- ☐ I only authorize my child to be released to a parent/legal guardian and/or designated escort; I will inform the school in writing prior to the first day of school.
- ☐ I am rejecting supervised dismissal. This allows children the ability to walk or bike at dismissal time, or opt for school transportation.
  - ☐ \*Parent acknowledges that there will be no supervision of their child by a school official or other authority following school dismissal. This is further explained in [Board Policy 8601](#).
  - ☐ Students whose parents refuse supervised dismissal may still utilize school transportation services and will only be released at their designated bus stops. Parent acknowledges that whether students utilize school transportation is at the student's discretion.

Note: as also written on the transportation form, parents can always send in written permission for a temporary change in dismissal procedures.
